

We present the Golden Rule Award Monthly! If you know a real estate professional who deserves recognition, nominate them for October's award!

JOE MISHAK

During his time at UPSTAR, he has served on the UPSTAR Board of Directors, the YPN Committee as the membership coordinator, and on the RPAC Fundraising, Social Media and Affiliate Committee. You can also find him sharing his expertise during our continuing education courses.

In 2006, he was named the UPSTAR Affiliate of the Year for his dedication to the real estate community.

His passion for helping others is not limited to our association. Joe is currently a member of the Fort Wayne Leadership Forum and he regularly donates to charities such as TLC Breast Cancer Foundation, Guns 'N' Hoses, Leukemia and Lymphoma Society, and Big Brothers Big Sisters.

Thank you for all you do Joe! Members like you are what make this association, and Northeast Indiana, great!

It is a great honor to name Joe Mishak, of Aardvark Home Inspectors Inc., as September's Golden Rule Award recipient! Joe is the first UPSTAR Affiliate to receive the award. Without the support of Affiliates like Joe, many of the great things we do as an association would never be possible.

Joe became a member of UPSTAR after opening an Aardvark office in Fort Wayne 16 years ago. Since joining, he has regularly volunteered his time, resources, and knowledge to our association.

"Anytime there is a need, whether it's personal or business, he's there looking for solutions and helping."
- Mallory Kessler

"If you mention Joe's name in a crowd in the real estate world, people will smile."
-Tim Tower

"Joe's Daily Routine involves helping others. He is a very respectable leader and a role model for all."
-Jessica Maxwell

"He is the most selfless individual I know. He will always go above and beyond. He does this because he truly cares. He truly loves our REALTOR community."
-Brittany Grabner

"He is always willing to lend a hand when asked and even when not. We need more people like Joe."
-Jonathan Morales
